<b>WAIST</b>	24.75"	25.75"	26.75"	27.75"	28.75"	29.75"	30.75"	32.75"	34.75"	36.75"	38.75"
	63cm	65.5cm	68cm	70.5cm	73cm	75.5cm	78cm	83cm	88cm	93.5cm	98.5cm

**Finished Waist:** This pattern includes 0.75" (2cm) of ease at the waist. If you expect you may want more ease at the waist it is recommended that you make a size larger or grade between sizes.

**Finished Hip:** Due to the deep inverted box pleats, there is plenty of ease at the hips (see the image to the right). You will likely not need to grade up at the hips, choose a size based on your waist measurement.

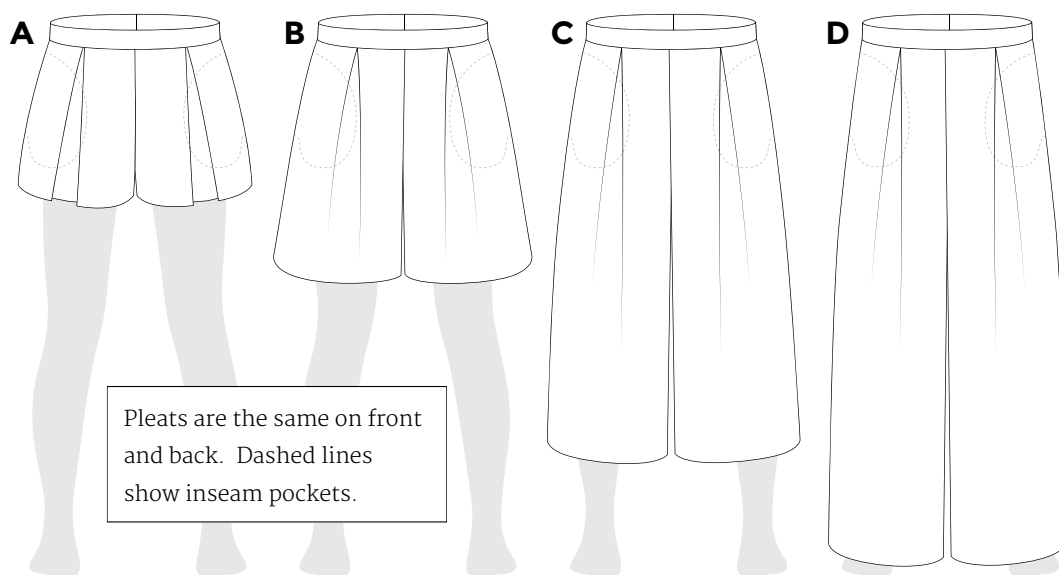

**Finished Length:**

- VIEW A** : 18" / 45.5cm
  - VIEW B** : 22" / 56cm
  - VIEW C** : 32" / 81.5cm
  - VIEW D** : 41" / 104cm
- The Winslow Culottes are designed to be made at any length. Four lengths are provided, based on a 5'6" (167cm) woman. You can add or remove length to suit your style. It is recommended to check the length before cutting your fabric to ensure the right look.

**About the hem:** This pattern features a fairly narrow hem. Instructions are to finish the hem using your preferred finishing method and fold under once at 1/2". If you think you would like to fold your hem over twice, or have a thicker hem, you may want to cut your fabric so you have extra length to do so.

See fabric requirements on the next page →

**NOTIONS**

- 9” (22cm) Invisible zipper
- 43” x 8” of interfacing
- Thread

**DIFFICULTY**

**Advanced Beginner :**  
This pattern includes an invisible zipper insertion.

**SIZES**

0 - 20 US

**FABRIC REQUIREMENTS** (for all sizes)

	60” / 150cm wide		45” / 115cm wide	
	METERS	YARDS	METERS	YARDS
<b>VIEW A</b>	1.3 m	1.5 y	2 m	2.2 y
<b>VIEW B</b>	1.5 m	1.7 y	2.2 m	2.4 y
<b>VIEW C</b>	2 m	2.2 y	3.2 m	3.5 y
<b>VIEW D</b>	2.5 m	2.8 y	4.2 m	4.6 y

**Important:** Please note that you may need more fabric than indicated if you plan to lengthen the culottes. For 150cm wide fabric, add double the amount you intend to lengthen the culottes by. For 115cm wide fabric, add 4x the amount. Do the opposite (subtract) if you plan to shorten the length.

**Recommended Fabrics:** Light to medium weight woven fabrics with plenty of drape such as rayon challis, viscose poplin, crepe dé chine, silk charmeuse, lightweight wool, linen, tencel, chambray, and cotton twill. View A and B work well with both fluid and slightly structured fabrics. For the longer lengths (view C and D), a lighter weight fabric with plenty of drape is strongly recommended.
